THREE "MYSTERY TRAINS" ARE CARRYING RADICALS TO ELLIS ISLAND TO AWAIT DEPORTATION

Government Steamship Buford, the "Soviet Ark" Ready to Leave on Two Hours' Notice, When Final Roundup of Reds is Completed; Predicted 350 Disciples of Violence Will be in Detention Camps by Night.

MOST DANGEROUS AGITATORS IN U. S. INCLUDED

By Associated Press.

NEW YORK, Dec. 20.—The government steamship Buford, "the Soviet ark," is ready to leave New York for Soviet Russia on two hours' notice, it has learned today. She will carry on her holiday cruise a greater part of several hundred radicals held for deportation at Ellis Island. Information was withheld concerning the exact hour of sailing.

Many persons considered among the most dangerous of those charged with plotting to overthrow the United States government will be "guests" of this government for the cruise, despite their profession of willingness to pay their own way.

At least three "mystery trains" are bringing additional radicals from various parts of the country. It was predicted that 350 disciples of violence would be corralled in the Ellis Island detention camp before nightfall.

The nationwide roundup for wholesale deportation is nearing completion, federal authorities said. The movements of the train is being kept secret and when the authorities are in the dark as to when the "Red Flag Specials" will arrive.

One was moving slowly from Buffalo with Reds who have bussed themselves. It is charged, with spreading the seeds of unrest along the Canadian border. Another was due from Pittsburgh, with agitators alleged to have advocated sabotage and violence during the recent steel strike. A third grain load from Philadelphia includes agitators charged with attempting to cause a strike in shipyards.

WASHINGTON, Dec. 20.—The date of the departure from New York of radical aliens ordered deported has not yet been fixed and it will not be until additional reports are received concerning the movement to seaboard of some aliens now held at various landing points, the commissioner of immigration announced today.

TEMPERATURES FROM ZERO TO 18 BELOW ARE REPORTED LAST NIGHT

Roaring Run, Jones Mill, Coldest Spots; Two Below Lowest for Connellsville.

Temperatures ranging from zero to 12 degrees below that figure were reported for last night from various places in Fayette, Westmoreland and Somerset counties.

The coldest places heard from were Roaring Run with 18 degrees below, Jones Mill and Somerset, each with 12 below. Sagamore, four miles from Roaring Run, reported 10 below.

At Sand Patch the record was five below, at Meyersdale, seven below, at Morgantown, W. Va., 12 above, down two below, Bear Run, six below, Scottdale, thermometers ranged from six to eight below.

Connellsville did not seem to be so cold as some of its sister communities. Several thermometers registered two below. Many others were at zero and above. The official thermometer at the West Penn was six above. Three below was reported on Davidson hill.

The severe cold set in early in the night with the lifting of the clouds which hovered over during the day. It was the coldest day, by several degrees, of the season.

BERGER REELECTED

Ousted from Congress, He is Returned By Fifth Wisconsin District.

By Associated Press.

MILWAUKEE, Dec. 20.—Victor L. Berger, Socialist, was re-elected to Congress in the Fifth Wisconsin district over Henry E. Bodenham, Republican fusion candidate, by 4,816 votes.

Friday's special election was held to fill a vacancy created by the refusal of Congress to seat Berger, following his election of 1918.

Should the House again refuse to seat Berger the Fifth Wisconsin district will not hold another special election, Governor Phillips announced last night.

Mr. Berger said:

"I don't know whether the House will seat me, and I care little, if only the fight for my seat will furnish the occasion to awaken the common people of the United States."

WASHINGTON, Dec. 20.—Representative Dahlberg, Massachusetts, chairman of the election committee, said he would object as he did the previous time to seating Victor L. Berger in Congress without referring the matter to the elections committee.

Sugar Laws Go to White House.

WASHINGTON, Dec. 20.—Legislation continuing federal control of sugar through 1920 but limiting the licensing power of the United States Sugar Equalization Board to the period ended June 20 was completed by Congress and sent to the White House.

BUFANO ORDERS 1,000 ARMY BLANKETS TO BE PLACED ON SALE HERE

More Are Available, Says Message From Congressman Kendall; 4,000 Pairs of Socks Coming, Also.

Following receipt of a telegram from Congressman Samuel A. Kendall in Washington, the thousands of army blankets are available for sale to the public at what Mr. Kendall says is a third of their value. Food Director Antonio Bufano this morning placed an order for an additional 700 making a thousand that are expected in the next shipment of surplus from Philadelphia. Mr. Bufano also has ordered 4,000 pairs of wool socks, which will come with the same shipment. He was planning today also to send an additional order of foodstuffs.

A message to the editor of The Courier similar to that received by Mr. Bufano and also to one sent to the mayor reads:

"I have telegraphed your mayor as follows: There are 10,000 new all wool army blankets, dark gray, here for sale at \$5 worth \$15. Will ship for your town charges prepaid, all that your community can use. You can return all that are unsold. Wire me your order and I will get immediate shipment. All that is necessary is one person or committee to distribute blankets. Have seen blankets and can testify to their worth. Municipalities have 30 days credit."

The message to Mr. Bufano further states that underwear and shoes may be obtained cheaply by ordering them and that plenty of fresh frozen beef, reduced in price, is procurable. The message says Congressman Kendall is sending a letter of explanation.

"I want to cooperate with you to the limit," reads the message, "and nothing is a trouble for me to do at this end. Just wire me."

SERGEANT BEATTY HOME

Member of Seventh Cavalry Enjoying First Furlough in Five Years.

Sergeant Ralph D. Beatty of the Seventh Cavalry, stationed at Fort Bliss, Tex., is home on a furlough, the first since he entered the Regular Army five years ago. He is the guest of his grandparents, Mr. and Mrs. Clark Shaw of Poplar Grove.

Sergeant Beatty was with Pershing's expedition into Mexico in pursuit of Villa. Prior to that time he served in the Philippines. While he was there his grandmother, Mrs. Shaw, sent him a fruit cake. Before it reached his destination, Sergeant Beatty was on his way to the States. It was several months before the cake finally came into the possession of the sergeant.

WASHINGTON, Dec. 19.—Attorney General Palmer told a Senate committee investigating committee Friday a full story of his own and the general government's actions in connection with the strike of bituminous miners, concluding his testimony with the declaration that the "army strong" hand of the government "finally had forced the miners to yield."

Alfred M. Ogle, chairman of the executive committee of the Bituminous Coal Operators' Association, took the stand a woman after the Attorney General concluded and told the committee that Mr. Palmer endeavored on Friday, December 4, to induce the coal operators to compromise with the miners on a basis of more than the 14 per cent wage increase suggested in behalf of the government by former Fuel Administrator Garfield.

"On Friday, December 5, after Dr. Garfield's proposal had been rejected by the miners and the injunction proceedings were being pushed at Indianapolis," Mr. Ogle said, "members of the coal operators' executive committee and myself were called in for a talk with the attorney general in order to settle the situation. The government was not engaged in compromising its stand, he said, but had some difficulties.

The injunction proceedings were coming to a head in Indianapolis on Tuesday, he told us, and they were afraid Judge Anderson would act in a characteristic fashion and put some of these men in jail for violating his injunction under the Lever act. There might be a general uprising, he said, which ought to be avoided. He said the Fuel Administrator was only a temporary official, and that his proposal of a 14 per cent increase could be set aside. He asked us how far we would go in a further advance of wages."

"What answer did you make?" Senator Frelinghuysen inquired.

"We replied," said Ogle, "that we considered the proposal a cowardly, dastardly surrender of the rights of

30 LIVES LOST WHEN OIL TANKER CRASHES ON A REEF

One Member of Crew is Washed Ashore in One of the Ship's Lifecrafts.

By Associated Press.

BANDON, OREGON, Dec. 20.—At least 30 lives were lost when the oil tanker J. A. Chancellor, bound in ballast from Portland, Oregon to San Francisco, Thursday night, according to the report of Earl Dooley, member of the crew who was washed ashore from one of the Chancellor's lifeboats near here early today.

Beside Dooley, another unidentified man was saved. According to Dooley the ship struck a reef at 5:15 o'clock Thursday night, and broke in two a few minutes afterward, the after part of the vessel sinking, taking 30 men down with it. A score of the crew of 51 were still unaccounted for today.

After the vessel broke in two, according to Dooley's account, 10 or 12 of the survivors succeeded in managing lifeboats. They drifted about all Thursday night and most of yesterday day, picking up a fellow who appeared insane when taken from the water and died shortly afterward. On attempting to effect a landing near here, the boat capsized and he and an unidentified man were the only ones known to have reached shore.

13 DIE IN WRECK

Freight and Immigrant Special Lodge Near Oeniva, Maine.

By Associated Press.

ONEIVA, Me., Dec. 20.—Thirteen persons were killed or burned to death and many sustained burns and injuries when a freight train collided with a special train from St. John loaded with steerage passengers from the steamship Empress of France on the Canadian Pacific railway near here.

The freight train telescoped the engine and forward cars of the passenger train and the wreckage was a mass. The conductors of both trains were killed.

The bodies of 11 persons were removed from the wreckage to the nearest covered embankment awaiting identification. The passengers injured numbered 35. They were taken to a hospital at Brownsville, junction of a special train which was sent with doctors and nurses from that point.

Harry M. McDonald presided. Rev. H. A. Baum, pastor of Cochran Memorial Methodist Episcopal church, the wife of Mrs. Sarah B. Cochran, received the dying blessing on the occasion.

Music by Kittere's orchestra was a feature of the evening.

Among those who sent regrets were

J. H. S. Dunbaud of Uniontown and Rev. W. E. Purcell of Dawson.

Mr. and Mrs. Henry T. Cochran, the donors, were present for the ceremony, which was attended by 125 members of the lodge, their wives and friends, all assembled in the banquet hall.

That the generosity of Mr. and Mrs. Cochran was appreciated was demonstrated by word and action during the course of the evening's ceremony.

Rev. G. W. Buckner, pastor of the Christian church, who became acquainted with Dr. Medbury 24 years ago, introduced the speaker. After the lecture an informal reception was held for him. He left during the night for Des Moines.

The next attraction on the entertainment course will be Ralph Bligh, regarded as America's foremost platform humorist, on January 2.

FREE TREATMENT

Servile Men Entitled to Enter Any Hospital; Government Will Pay.

Any ex-service man who needs medical or surgical treatment because of illness or injury contracted in the Army or Navy, can hereafter enter an army hospital, public health service hospital or local civilian institution or sanatorium, and have all his expenses paid by the government. Few soldiers or sailors seem to be aware of this privilege, which is theirs for the asking, and today the War Department instructed the entire personnel of the office of the assistant to the secretary of war, in charge of soldier employment and welfare work, to bring this to the attention of all such men.

Lieutenant Colonel Matthew C. Smith, of the general staff and head of the bureau, has issued a bulletin for nationwide distribution, which says:

"Any discharged service man who is in need of medical treatment and feels that his illness is due to wounds or other disabilities received or aggravated while in service, should apply to the nearest army hospital or local representative of the United States public health service for an examination. Addresses may be ascertained from the postmaster. The American Red Cross representative and state or municipal health officer are also able to advise service men about their cases and should be consulted."

If discharge or other papers showing that the disability was existing at the time of separation from service are available, they should be taken along, as they will be helpful in making a decision on the case. However, if these papers are not available, the man should not hesitate to apply. Such an applicant will be immediately placed under treatment pending the receipt of the necessary papers."

NEW TARIFF FILED

Payette County Gas Company Notifies State Commission of Change.

Special to The Courier.

HARRISBURG, Dec. 20.—The Fayette County Gas company has filed a new tariff of rates with the Public Service Commission, effective January 16.

The new tariff eliminates the preferential rate for municipalities, cutting off the free supply to a number of towns and boroughs, who will hereafter be required to pay the regular rate of 35 cents a thousand cubic feet, subject to a discount of two and one-half cents a thousand if payment is made on or before the 10th of the month.

No Tree at White House.

WASHINGTON, Dec. 20.—There will be no Christmas tree at the White House this year. The President and Mrs. Wilson plan to spend the day quietly.

Pastor and Family Surprised.

Rev. J. O. Bishop, pastor of the South Connellsville Evangelical church, and family were pleasantly surprised Thursday night when a delegation of members and friends of the congregation assembled at the parsonage in South Connellsville, presenting to them a purse containing a handsome sum of money. Charles McMillen took made the presentation speech to which Rev. Bishop formally replied, after an hour of social chat and enjoyment the guests left for their respective homes leaving a pleasing reminiscence in the memory of the pastor and his wife.

Oakla Club's First Dance.

The new Maccaheen hall in East Crawford avenue was the scene last night of the initial dance of the Oakla club, composed of young women of the city, formed recently. It also marked the formal opening of the hall. Christmas season decorations were used to beautify the place and the committee in charge did that work successfully. Twenty couples were on the floor, with Kifer's orchestra providing the music for the dance. A three-course lunch was served. Miss Ellen Garlock, Miss Sadie Mae Hawk, Miss Elizabeth Patterson, Miss Ethel M. Ruth and Miss Beth Sherman composed the committee in charge of the affair.

WINTER PICNIC HAPPY EVENT AT HUGHES SCHOOL IN DUNBAR TOWNSHIP

Feast Spread on Tables is Followed by Program of Speeches, Recitations, Music; Patrons Present.

A pleasant event for the closing day of school before the holidays and a unique one as well was a "picnic" Friday at the Hughes school in the Township, community in Dunbar township, of which E. E. Crouse of South Connellsville is the teacher. And, it was a real picnic—one that would have done justice to any summer-time outing. With the temperature well down toward zero it was, of course, held in the school building. After the regular school session during the forenoon, boards were placed on the edges of desks, table covers on them and then the feast was spread—chicken, other kinds of meat, bread, butter, pies, cakes, oranges, apples and other good things.

The lunch eaten, there were speeches by Jonah and George Hughes and the teacher and others; several readings by Miss Meta Roberts of South Connellsville, a program of music and recitations by the pupils, and instrumental selections by children of Mr. Crouse—Charles, with the cornet; Harry, violin, and Ethel, at the organ. Many patrons of the school were present. Mr. Crouse was accompanied by his wife, the family driving to the school in a sled. It was a happy occasion for all.

the public and the government. We considered it a compromise of principles far more important than any question of the wages of miners, or our own profits as operators of coal mines. We thought it a question of the maintenance of law and order in the United States.

"You believed this an effort to compromise," Senator Frelinghuysen pursued.

"We did," Ogle returned, "and we rejected the idea."

"Have you agreed to the government's proposition now?" Senator Townsend asked.

"We have not," Ogle responded. "The proposal has never been submitted to us. We have called the Attorney General's attention to several vital changes made in Dr. Garfield's original suggestion.

"Operators had been left very much confused," he said further, as to what the government had done. No commission, he asserted, could cover the wage and price problems arising in the coal industry of the United States in months, and came to an just conclusion."

LEWIS DENIED STATEMENTS ATTRIBUTED TO HIM BY COURT.

INDIANAPOLIS, Dec. 20.—John J. Lewis, acting president of the United Mine Workers of America, denied "in every particular" a statement attributed to him by a member of Congress and used by United States District Judge A. C. Anderson in his charge to the federal grand jury investigating the coal strike, in a statement made public here today.

Mr. Lewis, as a part of the statement, also made public a letter he had written to Congressman Merritt of Connecticut requesting that "you make amends for your mistakes by making public admission of the fact."

"Operators had been left very much confused," he said further, as to what the government had done. No commission, he asserted, could cover the wage and price problems arising in the coal industry of the United States in months, and came to an just conclusion."

Scutter Sunshine With Xmas Cards.

There has been enough of sadness.

The world has need of cheerfulness. Let this Christmas be the happiest ever known. Christmas cards cost so little, and mean so much that you can afford to miss anyone. Select your cards now at Rutherford while the stock is fresh and the choice is wide, and help scatter sunshine.—Adv-17-3.

Reader III.

Owing to the illness of the pastor, Rev. Robert G. Rogers, there will be no services on Sunday at the Episcopal church. On the third Sunday of the month the service will be as usual, at 11 A. M., when holy communion will be celebrated.

Plenty of Gifts for All

Open till 10 P. M. Saturday, and open every evening before Xmas. Gift seekers will find practically as good selections Saturday as in the early part of the month. Big express shipments are arriving almost hourly—we prepared months ago for keeping the assortments complete.

The time to shop is growing short—guts must be chosen soon, or someone on your list will be disappointed so come Saturday. Deudner's.—Adv-17-4.

Eight Children Had Croup.

"I have eight children and give Foley's Honey and Tar to all of them," writes Mrs. P. Rehkamp, 2304 Herman St., Covington, Ky.; "they all were subject to croup." It loosens and clears mucus and phlegm, stops that straining cough, makes easy breathing possible and permits quiet sleep. It contains no opiates, and children like it. Good for colds, bronchial coughs and the coughs that linger after influenza or grip. Good for grown-ups as for children. Sold everywhere.—Adv.

Severe Cold Suddenly Cured.

If you do not know how to get rid of a cold quickly should you not consider the experience of others who have found a way of doing so? Mrs. H. D. Barker, Little Falls, N. Y., writes:

"Chamberlain's Cough Remedy was used by my husband a year or so ago and it quickly cured him of a severe cold."—Adv.

Do you know that your crankshaft bearings MUST be perfect? If you are to have a really silent engine—that if these bearings have "play" in them that the crankshaft is apt to be forced out of "line"? That when your crankshaft is out of line it is on the highway to wrecking your engine completely?

Undoubtedly your engine's bearings are worn—have "play"—why not then have us overhaul your car NOW before it's too late?

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostriils Involve Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in this malady. He claims that the sore, tender membrane of the nostril and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Aricine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.</

PINCH OF THE PAPER SHORTAGE.
Apologies are due Courier readers
and the advertisers because of the
crowded columns of the paper for
some days past.

Due to the shortage in news supplies
and the failure to receive a large con-
signment of newsprint, now long over-
due, and the inability to secure other
stock in its place, it has been neces-
sary to keep the number of pages
within the smallest possible compass
in order to conserve the stock on
hand. The restrictions thus imposed
have forced the omission of several
pages of advertising, as well as the
usual amount of news matter and fea-
tures.

Both advertisers and readers are as-
sured that the normal order will be
restored at the earliest moment the
delays in transportation, and other
causes will make possible.

Not having "declared" war against
Germany's ally in the Orient it will not
be necessary for the United States to
join with the Allies in their war with
Turkey. Nevertheless, the people of
the United States will be very much
occupied within a few days in pre-
paring of turkey.

Captain Earl W. Dotter has a plan
that would, if carried out, the High class
of his hotel across the way to sol-
diers at Le Mans did not make him
brother to "Hard Boiled" Smith.

The return of Victor Berger to Con-
gress would indicate that the voters
of the United States want nothing to do
with the United States much less the
world, safe for democracy.

"We here for the best" is the con-
soling announcement the Department
of Justice made to me concerning
the decision to let the Beef Trust wait out
the price. This is the "light on H. C. L."
progressing."

Too bad Uncle Sam's gift o Soviet
Russia of dented steel did not come
in time to save us from Christmas. But
it will be some consolation if it is
on the way by the time Santa
turns on his rounds here at home.

CABBAGE GROWERS MAKE GOOD

Harry Stoner of near Alverton sells crop at Big Profit and Now Disposes of the Stalks for Cattle Feed; Xmas Program in the Churches.

Special to The Courier
MOUNT PLEASANT, Dec 10.—The public schools upon petition from the teachers, closed yesterday instead of next Wednesday as had been arranged by the board. They will re-open on January 5.

Church or God Services.

Mount Pleasant Church of God with Sylvester Fulmer, minister will have services Sunday at 10:30 A.M. and 7 P.M. The theme of the day will be "Christmas, Revelations" meaning subiect. The Mystery Explained and opening, The Fullness of Time. Sunday school at 9:15. The superintendent, George W. Stoner has a splendid reason for requesting every member of the school to be present Sunday Christian Endeavor at 6:15.

Money in Cabbage.

Harry Stoner of near Alverton is highly elated over his success as a cabbage grower. He believes he can compete with Mr. Eby, who has cleared \$10,000 from his crop. After making several thousand dollars from his crop, Mr. Stoner is now selling the stalks for having cattle at \$2 per row. Having five acres of cabbage, he will realize a big profit from this. Next year he expects to sciontically dry and prepare a different food from the stalks. His formula, it is stated is an excellent one. A New York firm has offered a good sum for it, but Mr. Stoner will organize a company in the community to place the article on the market.

Special Xmas Program.
A special Christmas program will be given at the United Brethren church tomorrow evening.

**NEW REMEDY
RELIEVED MY
INDIGESTION**

Wife Declares Earle's Hypo-Cod Gave Husband Relief from Indigestion, too.

HE HAD BAD CASE

My husband had such a severe case of nervous indigestion he dared not eat half the things I cooked. He had difficulty distressing pain," declared Mrs. F. S. Hann whose address is given below.

Those awful belching, gas, specks made him feel wretched all the time I thought he never would be well again. His sleep was disturbed and he had been this way for a long time.

To our great surprise he got relief almost from the first dose of this new medicine called Earle's Hypo-Cod. He is a different man now. Those distressing conditions in his stomach have departed and he eats what he wishes without after effects of any kind. He sleeps sound, too and rests so much better. It did such wonders for him I started taking it myself and both of us are taking it now. It is an excellent tonic and medicine for such troubles and we are glad to recommend it to our friends. Contact Mrs. Hann 512 Belmont Ave., Youngstown, O.

Thousands get out half the strength from the food they eat. Their stomach digests and system is out of order, deranged, disordered and rundown. What they need is a good powerful tonic taken three or four times a day for a few days. It is amazing how much better heart, and strong one feels. It is especially wise to take such a tonic now during the changeable weather when sickness is so prevalent. It oftentimes the body against disease too. Let the whole family take it. Watch how it builds the children up—strengthens the old folks and puts you all in robust health again.

The genuine Earle's Hypo Cod can be secured here at Biel & Co. and the leading druggists in all nearby towns. Price \$1.25 plus 5¢ war tax.

McKEESPORT GAS FIELD

Is proving itself to be the greatest in the World and is making fortunes for lucky investors. We are told this gas is being sold as far away as Cleveland and Cincinnati and no man can say to what enormous extent this great GAS FIELD will develop. The FORT PITTS PETROLEUM CORPORATION (Pittsburgh organized and managed) owns a block of Gas and Oil leases in this wonderful McKEESPORT GAS FIELD and are planning an early start with the drill.

The FORT PITTS PETROLEUM CORPORATION (Pittsburgh organized and managed) have holdings also in TEXAS, OKLAHOMA and in the other proven fields of PENNSYLVANIA, and we believe FORT PITTS PETROLEUM shares offer the investor the greatest possible opportunity on account of this CHECKERBOARD feature of activity and PITTSBURGH MANAGEMENT.

A limited number of shares of FORT PITTS PETROLEUM CORPORATION are for sale at Par \$1.00, but you must act quick for developments now taking place on the holdings of the corporation may withdraw this subscription at Par \$1.00 without notice.

STOMACH TROUBLE AND CONSTIPATION ENDED

Suffered So He Couldn't Work for a Year, But Mr. McCormick Was Cured Promptly.

"I had stomach trouble and constipation for five years. One year of this time I was unable to work, suffering intense agony. I suffered with some of the best physicians and took all kinds of proprietary medicines, but could not find permanent relief. Finally a friend recommended Mills Emulsion. The first few doses relieved me greatly, and the properties of it effected a permanent cure."—C. A. McCormick, Anderson, Ind.

Mr. McCormick is only one of many hundreds who have endured torture for years and then found Mills Emulsion gives instant relief and real lasting benefit. It costs nothing to try.

Mills Emulsion is a pleasant nutritive food and a corrective medicine. It restores healthy natural bowel action, helps with heart trouble and strengthens. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Mills Emulsion is a straight recommendation to those who are sickened by weakness and a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly cured by Mills Emulsion.

"This is the only salve I ever used and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak sickly children."

No matter how severe your case you ought to try Mills Emulsion. Order the guarantee. Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and 12c per bottle. The Mills Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

DR. AUTO HAS ARRIVED

Located on State Road Between Trotter and Leisenring.

Office hours seven days a week, and he is capable of performing operations both large and small. If the body or system of your car or truck is all run down and it does not feel like working these cold mornings, its lungs may be affected or the heart may not beat regularly. A hot application of water in the radiator or an injection of gasoline into its lungs may help some.

Dr. Auto's one great remedy, the world's leading "Kant-Break" Spark Plug will make this treatment unnecessary. Dr. Auto claims that in his 10 years' experience with electricity and spark plugs the Kant-Break is the World's Greatest Spark Plug, and it has more features than any other spark plug on the market. It is the last word in spark plug production. It is an all steel shell plug and is indestructible. It has a telescope intensifier inclosed in an air tight vacuum chamber; this intensifier increases the current from 10 to 12 times as great as the current in the ordinary spark plug, and due to the fact that the intensifier is in an air-tight chamber it has no additional effect on the battery or coils.

The insulator, or commonly called porcelain, is made of Vitra-Silica, a composition of Silica, Lava, Stone and Cement; it is very dense and is tested to 5,500 degrees of heat.

The electrode and firing point is made of Nichrome Steel (a special alloy) and is indestructible. It requires 2,800 degrees of heat to fuse Nichrome, whereas it only requires 1,800 degrees to fuse the steel shell.

The Kant-Break Spark Plug does not spark like other plugs but throws a fan shape flame across the firing point, giving perfect combustion, makes starting easy and eliminates skipping and jumping when traveling slowly. This saves wear and tear on any car. The plug operates on leaner mixture of gas than ordinary plugs, saving from 10% to 30% in gasoline.

The ventilating holes in the sides of the plug carry off the superheated air from the motor, allowing an even contraction and expansion upon the insulator, preventing breakage.

The anti-fouling chamber at the bottom of the plug prevents carbonization and fouling.

The plug will fire in oil under compression; this means a saving and the convenience of not having to replace piston rings for leaking cylinders.

The plug is an absolutely money-back guaranteed plug and should any part prove defective at any time, the defective part will be replaced free of charge.

The terminal is universal, and will fit any terminal connection.

The Kant-Break is the World's Greatest Spark Plug and has revolutionized the spark plug industry.

Dead cars brought to life. All work guaranteed and prescriptions filled promptly.—Adv-20-3t.
